Dear Supporting Church & Praying Friends,

Greetings, we hope this update finds you well in this time of uncertainty within our nation and world. Even though we as a nation are in such a state of flux we can still rest in the unchanging hand of God and rejoice in the blessings He has bestowed upon us.

These past two months have been nothing shy of a miracle that God has performed on our behalf. He provided us with wonderful services in Georgia, Michigan, Montana, Colorado, Tennessee, and South Carolina. During our travels we were able to gain 3 new supporting churches/individuals which has brought our total percentage up to 19%. Also, part of our travels was for a second survey trip to NW Montana. God used this trip to further impress the burden within our hearts and allowed us to cultivate new friendships with churches, pastors, and individuals located within the general vicinity of where we will be planting the first church.

While we were traveling back home from our meeting in Colorado we were faced with an unexpected

issue. We broke down in St. Louis, MO. This breakdown was the third major breakdown that we have had with our vehicle within the last year and a half. The Lord arranged it in such a manner, however, that we were able to limp our car the rest of the way home. Through the goodness of God's people and the immensely generous love gifts that were given to us we were able to put a good down payment on a new vehicle for our ministry travels. We know that many of you have been aware of our vehicle issues for quite a while now and have been praying with us regarding this matter. We would just like to take a moment and thank each of you who have prayed.

Again, thank you for all of your prayers for us. Please know that we are also lifting you up in prayer as well during this time. Remember that we do not face a single thing in our lives that takes God by surprise. Each day that He has given us is a gift and it is our duty to redeem the time and honor Him.

In Christ,

Wesley & Kayla Grant
