NW Montana**

August – October 2021

Dear Faithful Supporters & Praying Friends,

The past few months have been nothing short of amazing! God has really been at work helping to bring things together. We were able to finish out our trip to Montana safely in August, and we also were able to make more friends in the ministry while we were there. We have also had several churches to take us on for monthly support in the past three months, and the Lord has supplied abundantly for our every need. We have been blessed to be in meetings in Montana, South Carolina, North Carolina, Georgia, Virginia, and Florida over the past three months as well.

We have a big announcement regarding the ministry in Montana. It has been the plan for me, Wesley, to hold a job in addition to planting the church. We have been praying that the Lord would open the door for the correct job, and He did. A wonderful job opportunity at one of the local hospitals pretty well fell into my lap, and I gladly accepted the offer. With this being said, we will be moving to the field the week after Christmas this year, and will get started on the church plant early next year. We have been able to find a rental in the area, and we are set for a move in date of 12/31/21.

Also, in one of our recent meetings, the Lord saw fit to provide for us 30 hymn books and a portable sound system for the church plant. Kayla is still taking piano lessons from another missionary's wife via Zoom, and she has been making wonderful progress. However, please remember to keep her your prayers as she continues to make strides towards becoming a church pianist.

Thank you all for your prayers and faithful support of the ministry. We cannot do what we do without the backing of God's people, such as yourselves.

*In Christ,
Wesley & Kayla
Grant*
