

Have thou nothing to do with that just man. Matt. 27:19.
March 2026.

Dear Praying friends,

The heading of this letter is an admonition to a husband from his wife. The husband was Pontius Pilate and he washed his hands with Jesus. Tradition tells us that at some point in his life he was converted to the cause of Christ - the just man. But whether he did or not, the fact remains that every dead or living person will have to come face to face with the Living Lord Jesus Christ. Every human who ever walked on Earth will have to confess on bowed knees that Jesus Christ is Lord of Lords and King of kings. There is no place whatsoever for neutrality. This calls all of us to say : " All for Jesus, Semper Fidelis ". So, Let us rejoice together, in this time of celebration, that whatever is going on around us in this world today, that at the end of the day our Living Lord Jesus Christ will have the last say.

We thank God for His call upon our lives to serve the risen Savior. We received a call from Bernard C. this week saying that he needed to see us. We were prepared to hear problems; but far from it. Bernard wanted to express to us his gratitude for showing him the way of salvation. He shared how maintaining his relationship with the Lord has changed his wife Reshma from a dead religion of idols worship to a vibrant faith in the living Christ. He was thankful that without of the Living Saviour, he would never have been a godly husband nor a godly father to his daughter.

Our move to our new church location is complete with a few remaining touches of things that pops up. We will attach a few snapshots of the new Building. We are thankful that this will be our first Easter service. This past week, we had visitors that are planning to be with us in our celebration. Please be in prayer for the following :

Sergio C and his daughter Camilla

Roshan B and his wife Reema and daughter

Pascaline and her unsaved husband

Elvis C.

Olivia R and her husband Dylan

Sheila A.

And 2 young ladies Bethsabe and Isabelle who have been attending church regularly.

Pray for Our Children and their spouses and our 14 grand kids, 10 in Mauritius and 4 in the US. There is no greater joy for us as parents than to know that our children work in truth.

Pray for Mauritius as we feel the impact of the war on our economy. We import a lot of our basics and we will soon run out of heavy oil for producing our electricity and even gas. The government want to introduce work from home again to limit traveling.

Dear praying friends, we want to express to you our deepest thankfulness for your faithfulness to the Lord in supporting our ministry here in Mauritius. May the Lord continue to bless you as we all actively engage ourselves in serving Christ the Lord - Risen today. May our lives be alleluias to God for the sake of Christ our living Lord.

Blessed Resurrection Day

Your missionaries,

Guy and Marilynne Grenade.
