Mal 4:2 But unto you that fear my name shall the Sun of righteousness arise with healing in his wings; and ye shall go forth, and grow up as calves of the stall.

Dear Co-Workers:

I used the verse above for a SPECIAL reason. The "Sun of righteousness" truly gave this old missionary healing in His Wings!!! The Aortic Valve replacement was performed, as far as I know, without a problem!!! My cardiologist is a Christian and told me to get my Church to pray for me. I said, "Doc, they are praying, and about 40 other churches are too." I was able to walk behind my little "push/front wheel pull" lawnmower 9 days later with permission from my doctor. I am in Cardiac Rehab, building up my heart muscles, three times a week now for two more months. The valve is a "calf valve," so "I am growing up now as calves of the stall." To God be The Glory, Great Things He Hath Done!!!

JULY: I preached for my Pastor on July 5th and had five Doctor's appointments and tests in preparation for heart surgery, plus a test for "Sleep Apnea." July is always a slow month for Missions meetings.

AUGUST: The Cardiac Surgery was on Monday, Aug. 10th. One appointment with my doctor before surgery and one appointment with the doctor's nurse, PA, after surgery. I had told the Churches that called I was not sure how long the recovery time would be. I found that I did better than expected. Thank The Lord!!!

SEPTEMBER: This month has been a very busy one. I preached 4 times, went to rehab 11 times, and had 4 doctor appointments. We are thrilled to be able to preach again for our Precious Savior!!! I had many chances to witness, and I thank the Lord for the opportunities!!!

NEWS FROM MICRONESIA: I was able to talk with Gabe Eiben about Micronesia and the work. He has the station repaired so he can come home, get his wife, and go back. The Lord has greatly used him in the radio ministry, as well as Leadership for our Churches there in the islands. He does a lot of preaching in the Churches, the School, and the youth camps, plus the Radio Station upkeep. God has opened new doors because he is a Navy Veteran. He is helping establish a Chaplain ministry for Micronesian Veterans. There is also a lot of Military activity in that part of the Pacific Ocean.

With Love for our Savior & His Churches,

Dalton & Brenda Heath
John 3:30 & Col. 1:18b
