May-June 2002

Dear Co-Laborers in Christ,

Has it been a couple of months already since our last prayer letter? It is so true that time flies when you are having fun, or when you are working hard, or both. Speaking of time there is a verse of scripture. Hebrews 4:16 that says, "Let us therefore come boldly unto the throne of grace, that we may obtain mercy, and find grace to help in time of need." As surely as you get busy for the Lord there will be times of need, and that reminds us that both mercy and grace are available through prayer. Thank you Lord!

NEWS and PRAISES: > Missionary Bryan Baggett, BIMI-Venezuela, was here last month for his recurrent flight training and to pick up the Cessna 206 that we have had quite a while for repair and modification, and storage until Bryan's coming in from the field. > Fred and Rene McClintock have returned safely from Togo, West Africa, and accomplished the annual inspection for Missionary Randy Alderman on his airplane. This has been our privilege for the last three years. We just enjoyed the slides of that trip tonight! > The flight simulator is here! It is "up and running", and we have already put it to use. A huge Thank You to all that had a part in making that possibility a reality! Yes, God can! > Tore Mitchell went to Florida to do a pre-buy inspection on a Cessna 180 for Missionary Jimmy Westbrook, BMFP-Trinidad, and from there to Augusta, GA to remove a wind-damaged flight control surface from Missionary Mark Robertson's Maule and bring it here for repair. > What a blessing our new MA maintenance office at the hangar has been... now we just need to put in that hi-lo pressure septic system so we can use the new bathroom.

PRAYER REQUESTS: > Continued safety and blessing for the staff of MA as we serve the Lord and our missionary pilots around the world! > Pray also for two projects here at MA... that septic tank for the hangar, and also funds to put in culverts and fill to extend our runway some 600 feet on the west end. This is a safety and good neighbor issue, and it sure would be a real blessing to the work here. > For Tom Mitchell, one of Tore's brothers. He had a heart attack, and by the time you get this will have had surgery to implant a pacemaker and defibrillator. > For our personal soul-winning and open doors for six week Bible studies. > For a Christian businessman that is interested in making it his project to raise the funds to resurface our asphalt runway.

Keep Looking Up! It may be today!

Under His Wings,

*Jack + Jonnie*
