Dear Co-laborers in Christ,

Greetings from Mission Aero in the wonderful name of our Lord Jesus Christ!

"Oh, that men would praise the LORD for His goodness, and for His wonderful works to the children of men"... Psalm 107:8,15, 21, 31. Wow, it is there four times in that chapter! How is that for emphasis! Have you thanked Him today for his goodness to you? We must be careful even on the seemingly tough days to remember to praise Him; ask Him to bless us, and bless others through us with His wonderful works!

There is much to report to you faithful folks since our last prayer letter! And it never ceases to amaze us that God is so good to us, allowing us to serve in this ministry!

=> Looking back over the last year we have seen five men receive flight training here at Mission Aero, three for their Private pilot licenses, and two for their Instrument ratings.

=> George Pine, Alaska, received his Private pilot's license, as did Daniel Brosnan, MK from South Africa, at an accelerated pace to say the least. Then last week I was able to see Andrew Pierce complete his check ride and receive his Private as well, and he will be going off to BJU this month. => We have one missionary coming in a couple of weeks for recurrent training, and three others scheduled in the months ahead to get their Instrument flight training.

=> Concerning maintenance, we also saw the completion of the Cessna 180 project for Mark Robertson, and I will hopefully, prayerfully be able to resume the rebuild of our old Cessna 172 in the weeks and months ahead in between the flight students. => We shipped out some material to Ronnie Starr in Alaska for his airplane. => Richard Badgett was in recently for some fellowship and an oil change on the Cessna 150, before flying it to Oshkosh. => Jim Parvis, aircraft mechanic, and family are looking forward to building their support and joining us here at Mission Aero! Praise the Lord!

=> What a blessing to be at Wyldewood Baptist Church in Oshkosh, Wisconsin for the "Meeting in the Air" aviation missions conference, and the following week for the Wings as Eagles Flight Camp. It was our largest, and three of those sixteen young men received assurance that the Lord was calling them to be missionary pilots! Thank you Lord! Gene Zastera, Dave Spangler, and I really enjoyed teaching them.

**Prayer Requests:** We appreciate you folks upholding the Hunts and Mission Aero in prayer! It is so evident that folks are praying for us and for those that we minister to.

**Pray for:** => The Parvis family as they continue the deputation trail. => Pray for safety in flying, driving, and serving. => A neighbor, Brad that needs to be saved, and is not at all interested... as yet.

Keep Looking Up!

Under HIS' Wings,

*Jack & Jonnie*
