NOTE: missionaero7@yahoo.com

March-April 2007

Dear Co-Laborers in Christ,

It's Springtime in eastern North Carolina, and we look forward to celebrating Resurrection Day as most others celebrate Easter. This time of the year we reflect so much on Calvary, but then the glorious resurrection three days later! What wonderful joy to know that He arose! Because He lives, we will live forever also! *"Looking unto Jesus the author and finisher of our faith; who for the joy that was set before Him endured the cross, despising the shame, and is set down at the right hand of the throne of God."* Heb 12:2

>> I want to start this report with heartfelt praise and appreciation to our Lord for His blessings to us, the ministry of Mission Aero, and to our missionaries!

>> I have been from time to time substituting for the men that conduct the preaching at the Craven County Correctional Facility some twenty-eight miles north of home. Due to unavailability of the two main preachers, I have been asked to speak quite a bit, and it has been such a blessed experience. I had the services for five of the last seven weeks, and really got a burden for those guys. I decided that I was not going to make it easy for the men to stay seated, and with all eyes closed have them pray silently to receive Christ. I have become convinced that we need genuine conversions, and not just light "decisions". I believe that when a person fully realizes that they are lost, and then understand what Christ has done so they may be saved, it will not be necessary to coax and beg them to come to Christ. The spirit of the services has improved every Sunday, especially after three guys came forward at the end of a service, two for salvation and one for rededication. These fellows prayed out loud in front of the others, and have since showed real interest in spiritual things. On the last Sunday of March, we had a especially warm service, with enthusiastic singing, liberty to preach, and we saw four come forward, two to be saved, and two rededicate their lives to the Lord. What a joy to see some tears of repentance, and seriousness about the things of God! These guys are doing their 'After Salvation' booklets, and asking questions. Glory!

>> Pastor Jim Poelman visited with us recently, is studying to take the Instrument written exam, and will soon begin flight training here. He is going to Alaska as a missionary.

>> Bro tore Mitchell came down to help me with the annual inspection on our Cherokee, and that was a blessing. I also had the privilege to help him with some Instrument approaches in their "new" 1968 Cessna 310.

— OVER PLEASE —

YOUR MISSIONARIES TO THE UTMOST PARTS THROUGH MISSIONARY AVIATION

>> It has been so wet this winter that we have not been able to work on the runway extension, but now that conditions are improving we will get back at that project. Speaking of projects, the Lord I feel has chosen this time to complete our garage here... see enclosed sheet!

>> It was our privilege to help Bro Bob Green convert some donated aircraft radios into cash to be used in updating the same in his airplane project.

>> Larry and Judy Sexton have had to come home from Honduras due to Judy's heart problems.

>> Bro Sam Allen, missionary to the northwest has been getting some recurrent training.

Prayer Requests >> Pray much for Larry and Judy Sexton as Judy is undergoing tests to determine treatment. Pray for the doctors to have real wisdom and be used of the Lord to help her. These folks are veteran missionaries in both Mexico and Honduras, and they have a burdened heart for the Indians on the Patuca River in Honduras. These people are totally unreached until now. Pray also that Bro Larry will be able to come back to Mission Aero to complete his Instrument training while in the states.

>> Earl Malpass would appreciate your prayers, as he is presently on the way to the lower forty-eight to make a "transition via a transaction". He is flying his Cessna 206 here to make the change to a larger twin-engine Piper Navajo. Wow, there are many miraculous blessings involved in that. Pray for safety going and coming. It will be a great asset to the ministry to all the non-flying missionaries they serve scattered all across remote Alaska.

>> The George Pine family needs your prayers as Judy's mom has gotten worse with Alzheimer's, and they have had to put flight training and missions in Alaska on hold to go back to New Jersey to care for her.

>> Pray much for us and these men in training, and for the others that will be coming soon. We ask that you pray for safety and good progress in flight training. It is such a blessing to get to know these men much better.

>> Please do pray that the Lord will move those folks that He wishes to use to help complete this garage project. It will cost almost six thousand dollars to complete, but will such an asset. This is a small project compared to the great things he has done here. God is able... He has proven Himself so many times!

Well, sorry we got so long winded..... er... written with this prayer letter.... But it all was so needful to pray about. We so appreciate your prayers for us!

Keep Looking Up!

Under HIS' Wings,

Dach + Donnie

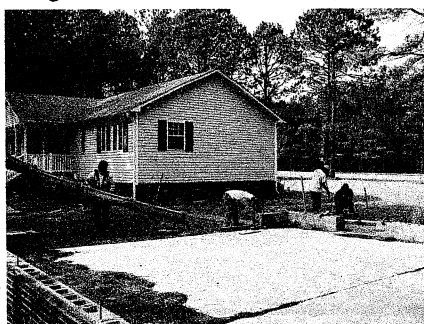

Please Pray for this Project!!!

Dear Co-Laborers in Christ !

Will you please pray with us, and for us, in an important request? It is with great anticipation that I bring this project before you. This is another project that Jonnie and I have prayed about, and honestly, we have not requested help from anyone.

As most of you folks know, the Lord did great things for us and the ministry back in the year 2000, when He worked through one of our supporting churches in Ohio. That church got a burden to help us improve on our facilities here on Canaan Airbase, and did something about it! They really carried the bulk of the financial and work team load! Others were impressed to help, and just volunteered funds and expertise to help, so seven churches and ninety three individuals built us a wonderful home/office/guest quarters building. What a great blessing it has been to us and those we serve! We have wanted to build a double garage adjacent to it. We have prayed and saved up our "shekels" for some time, and have been able to accomplish the foundation, block and brick work, floor, and just recently the concrete driveway. We were planning to start saving again, thinking it would be a while before we could finish it. So, we began to pray earnestly, asking the Lord to help us get it finished.

Well, the Lord recently spoke to our Pastor Bill Wingard at Calvary Baptist Church and he wants to raise the funds so we can finish it soon! Praise the Lord, what a blessing. So again, please pray that God will bring it all in, that all the pieces of the puzzle will come together! Yes, God can!

So, now we are asking you to join us in prayer for this project!, and if the Lord impresses you to help, please send funds to us, made out to Calvary Baptist Church. God's will is most important to us; and we sense His leading and timing! Thank you so much for praying with us and for us,

Jack + Donnie Hunt
