June-July 2009

Dear Co-Laborers in Christ,

Greetings from Mission Aeroservices in Jesus Wonderful Name!

*"Beloved, now are we the sons of God, and it doth not yet appear what we shall be: but we know that when He shall appear, we shall be like Him; for we shall see Him as He is."*

1 John 3:2

What will be a "revolting development" to most of this world, to us who are the redeemed, presently... as in now, the sons of God, will be such a "rapturing delight"! The up-look is much better than the out-look... maybe today... just maybe today!

- > There are presently two students in flight training, with two more coming this fall. That in itself is really keeping me busy, but what a privilege to help prepare them for the mission field!
- > We have been traveling to visit some of our supporting churches, and went to Mississippi to a missions conference. It is always such a joy to fellowship with God's dear people, and to visit some new churches as well. It has been quite a few years, a decade or more, since we have visited some of our supporting churches. If you would like to have us come and give a report, or update of our ministry we would be honored to do that. You might also like to see how much we have aged, but you must remember that is a two-way street.
- > Our WWNTBM Family Week was held in Greensboro, NC with Pastor Fred Daniel and the folks at Brookhaven Baptist Church. What a great job by the church family in hosting such a large gathering. The preaching and fellowship was the best ever, outstanding !
- > In our last prayer letter, we shared the particulars of the Alaskan excursion to prepare the missionary aircraft for the busy summer flying season. We are going to try to schedule our home based aircraft annual inspections for earlier spring, or during the summer so as to be able to concentrate manpower in Alaska during April to hopefully extend the life-span of the missionary pilot/mechanics there.

Be sure that it is infinitely more involved than having your car inspected. It is overwhelming for one or two men to try to accomplish that task alone, as there are six airplanes. This may become an annual extension ministry for Mission Aero.

> Congratulations are in order for the Parvis family as their second daughter, Chloe was born on July 14<sup>th</sup>. Bro Jim is still beaming! She will be joining ranks with big sister Shelby, to help contain those three big brothers, Wyatt, Logan, and Grayson.

> The "Meeting in the Air", the missionary aviation conference in Oshkosh, Wisconsin is fast approaching, and I will be heading northwest to Wyldewood Baptist Church for that meeting. Please pray for safety flying, and for all those speaking in the services. I will be staying over to instruct in the "Wings as Eagles" Flight Camp the following week. We always have a wonderful group of young men seeking the Lord's will for their lives. Absolutely a high point for the year!

> This is the busy season for our facilities here, as the grass is growing with a vengeance, and the weeds are close behind. But it is well worth it to see the large expanse of green carpet.

> Pray for some folks that are not saved... family members, neighbors, and professionals that are heavy on our hearts. Please ask the Lord to enable us to lead some of these to the Lord, or send someone who would be able to.

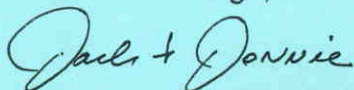

> It seems that sometimes getting a prayer letter written and ready to be published can be drudgery. But by the time I get into it, I begin to get so excited that I have the privilege to serve my Lord by serving others, and reflect on the past couple of months of ministry. Then to share with you dear supporters, and to expect God to bless you and us here as we endeavor to serve Him together!

We so thank you for upholding us in prayer, faithfully supporting us, and Mission Aero, thereby allowing us to go to the regions beyond!

Let's pray much for revival in this country, so that we can see America survive.

Keep Looking Up!

Under HIS' Wings,
