June-August 2010

Dear Co-Laborers in Christ,

Christian? Today this is a generic expression, a "label" that has lost it's true meaning, and so has lost it's true value as the express identification of a person that has the imputed righteousness of Jesus Christ, and is passed from death unto life. It is a whosoever realizing their lost condition... a sinner without hope... and understanding that Jesus died and shed his blood for their sins, repented, and called out to the Savior to forgive them, and to save them, and were presently born into God's family! We are so glad that we have been saved! Are you absolutely sure that you have been?

"Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." 2 Corinthians 5:17

We had a great time at "The Meeting in the Air" missionary aviation conference at Wyldewood Baptist Church in Oshkosh, Wisconsin. I said "we" because Bro. Dwayne Ebron of Fundamental Broadcasting Network in Newport, NC, and his son Jeffrey flew up with me... actually Jeffrey did quite a bit of the flying enroute. He would be one of the young men to attend the Wings as Eagles Flight Camp the following week. We had a wonderful group of twelve young men, ages 14 to 19, seeking the Lord's will for their life and considering the possibility of missionary aviation being a part of the Lord's call. We witnessed a great time of spiritual blessing in their lives that week, and Missionary Tom Needham from The Cameroon in West Africa did a great job in the chapel services each day. The Lord's presence and his working in lives was in evidence all week. Speaking of blessing, try listening to FBN on the Internet at fbnradio.com... it has excellent music and good bible preaching (all King James Bible).

Prayer Requests > In late June we had a tremendous thunderstorm with a sixty-knot plus gust front that destroyed one of our Quonset hangars. The good news is that we were planning to take it down as it was getting in bad condition. Those hangars are only about sixty years old and are rusting away. Pray that the Lord will provide for at least two new ones to replace the four, err... three that now need to be removed. More good news is that the airplane parked in the one next to it was not damaged. Thank you Lord!

> Missionary Dave Spangler plans to fly in here the end of September with his Aztec aircraft for some extensive sheet metal repair due to corrosion. That airplane lives in a hostile, salty environment. It will be here about a month

We so appreciate your faithful support and prayers for us and for the ministry of Mission Aeroservices!

Keep Looking Up!

Under HIS' Wings,

Jack + Jonnie

YOUR MISSIONARIES TO THE UTTERMOST PARTS THROUGH MISSIONARY AVIATION

Wings as Eagles *Flight Camp 2010* Oshkosh, Wisconsin

On the way to Oshkosh

With some of the "Cadets"

Breakfast in the Gym

The fine group of twelve 2010 Flight Campers

Wow! I'm flying! And in the left seat... Awesome!

Preflight Inspection

This is for real... I love it!

Cadets got to fly in the Chieftain!

Touring Sonex Factory

I'll just take this one!

Bro Tom Needham at the Farm
