May-July 2020

Dear Co-Laborers in Christ,

Greeting from New Bern in the wonderful name of our Lord and Savior Jesus Christ!

"Hath a nation changed their gods, which are yet no gods? but my people have changed their glory for that which doth not profit. Be astonished, O ye heavens, at this, and be horribly afraid, be ye very desolate, saith the LORD. For my people have committed two evils; they have forsaken me the fountain of living waters, and hewed them out cisterns, broken cisterns that can hold no water." Jeremiah 2: 11-13 This is written to the same my people of II Chronicles 7:14, in that "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn for their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." There is some relationship between these two portions of scripture, though not perfectly linked. The emphasis is on MY people and IF. IF we do not, like the Israelites of old, and refuse to do what our LORD requests of us, and continue on the same self determined path with our own desires, and sin... there won't be a THEN, and there won't be a HEALING. And surely we need them both, the Then and the Healing! Oh, dear Christian friend let's do our part... we desperately need God to help us... our nation... our land!

NEWS: > It is such a blessing to have the DeVenuta family in residence here, as he prepares for service in The Cameroon. Aaron is working in Kinston as an aircraft mechanic, and studying for his Private Pilot written exam. We will then finish the flight training soon after.

> Well, as you can see in the photos, the pole shed is up, and we praise the Lord for His goodness and faithful supply. A sincere Thank You! to the Lord, and to all who helped by supplying funds and labor. The pole shed is such a genuine Blessing!

> The Cessna 150 aircraft you see in the photos has had its Annual Inspection, and we have corrected a number of small issues, as well, it has had the engine overhauled, it has been returned, mounted, and is flying! It is now in the process of being "broken-in", not as in horses though, but in steady level flight to seat the piston rings ... and smoothing out the roughness of the cylinder walls. I have also installed the mandatory upgrade of ADS-B avionics and that will provide better safety in the "see and be seen" of the flight arena... and that is a good thing!

Prayer Requests: > Please pray for these United States as we face an uncertain future with the COVID-19 virus, and with the crazy, evil unrest in our larger cities. We must pray for wisdom for our President and all of our government officials, medical staffs and advisors, and the House and Senate concerning right decisions to make, and the correct steps will be taken. Pray for safety for all our police and law enforcement, our first responders and medical personnel, and our military!

> Please pray for all of our churches across our land and the whole world, for our missionaries, and for all of us to be careful in protecting ourselves as best we can.

> Please remember my grandson Jason King, aged 31 in prayer; as he is again stricken with

<<<< Over Please >>>>

the COVID-19 virus, and is experiencing neurological problems, headaches, weakness, numbness, tingling in his right side, and breathing problems. They have recently done an MRI, no results yet. He says it is not as bad as the first round, but he has lost his antibodies, and is concerned about lasting long term effects. He pleads for our family to stay safe, stay home.

> Again pray for a number of neighbors, and family members, and others that we witness to, pray for, and we so desire to see saved. It is not possible to visit folks now because of this Pandemic, but we can still phone, send and give out Gospel Tracts. > Please pray for all our church family, especially our seniors. > The Hunts especially request your prayers concerning our age, and Jonnie's allergic reactions to most medications. She is allergic especially to antibiotics, sulphur and fungal drugs. > Pray for fund\$ to help as we are over budget on the pole shed due to raising the plateau... adding wood to the roof to reinforce for high wing twisting forces... read Hurricane. Thank you Lord for all your blessings and protections!

Everyone please stay as safe as possible as we face the desperate situations around us. It is very possible that we will lose our nation to socialism/communism in three short months. Pray that America will WAKE UP and smell the blood! Every Christian must vote this time, and vote right! This is a crisis like nothing we have ever faced in our lifetime!

I trust that I have not discouraged anyone... it looks quite bleak. We don't know what tomorrow holds, but we can be absolutely sure of God's promise that He will never leave us or forsake us! Let's be faithful in our witness, our walk with Jesus. Let's keep an eye on the fields that are white unto harvest, and the other eye on the heavens! Jesus could come today!

KEEP LOOKING UP! PRAY WITHOUT CEASING!

Even so come Lord Jesus!

Under HIS' Wings,

Jack + Jonnie
The Hunts
