WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

missionaero7@gmail.com

Dear Co-Laborers in Christ,

AUG - SEP 2022

"Blessed be the Lord, that daily loadeth us with benefits, even the God of our salvation. Selah."
Psalm 68:19

This 2022 continues to be a year of blessing, testing, and examination... soul searching if you please... in many ways. Well, much has transpired since our last prayer letter... Our whole family has prayed, looked for and looked at homes. We could not believe the cost of housing to absorb three generations, a total of five adults. Houses that did come on the market sold in days; not weeks or months. The King family... Cindy, Rodney, and Allison needed to sell their house, but wanted to find the right house first. In the end the Lord answered our prayers and we found a wonderful house in a good location that needed some work, but was a God-send as it was just right, and much cheaper than some we looked at that were sold before we could even make an offer. "The Lord is good, tell it wherever you go". So we are here in Wilmington, NC, and somewhat finished with most fixing, painting, connecting, decorating, and yard work.

We just praised God's goodness and supply as we this month celebrated our 49th anniversary with WWNTBM, and our service in missionary aviation. Wow, we don't feel like we should even be 49 years old, but we are beginning to feel our age, and surely realize that God's timing and preparation was correct in getting us here with family.

And again we are not quitting, in fact we plan continue on 'til the shout... What a joy it would be to go up in the Rapture with the whole Christian church. Selah!

The Cessna 150 just went through its annual inspection "with flying colors" as Bro Jeffrey Ebron and I finished it up last week. It did need the battery replaced as it would no longer hold a charge, and it was only \$363.00... Wow! Can't complain as the old one was installed in Feb of 2013, it lasted over 9 years! Bro Jeffrey sure is a blessing to our ministry here at Mission Aero!

Prayer requests: > Please pray for my son-in-law Rodney, has he has been diagnosed with Second Stage Dementia, and at age 57, can no longer work or earn his high paying salary. He has been released by his employer. He does have disability insurance, but it only pays per month what he made per week. They are applying for Social Security Disability but that will not help until approved, and if it is... it could be 8 to 12 months before he gets any help. We are humbly and fervently praying that our Great Physician would take the case and totally heal him! He was the best worker and most qualified Industrial Mechanic at his job according to his boss.

> Please pray for wisdom in decision to either #1, sell the Cessna 172 as a project, or #2 be able to come up with a Certified Repair Station with the needed experience to complete the repair at a reasonable cost. >>> Over Please <<<

> Please pray much for Jonnie's older sister, Edna Saxon in Florida... we have prayed for her for many years, but she was not interested, and contended "I am NOT a sinner". When Jonnie about a month ago was talking with her, the Lord opened the door and Jonnie explained everything to her and she listened attentively. That sure gave us hope, but the very next time Jonnie called she put the brakes on, and firmly proclaimed, "I am alright like I am", and it seems probable that she had talked with her unsaved professional friends. However, she has heard the Word of God, and now the Holy Spirit can speak to her something like "you need to think about what your sister explained to you. It is the Truth and is the only way to Heaven, so you must receive the righteousness of Jesus Christ by faith, believing Him to be the only Savior. It cannot be earned or bought. He imputes His righteousness to those that accept Him as Savior. There is no other way to be saved. Life is short, and eternity is forever long." Please pray for Edna Saxon and put her on your prayer list. Like so many, her soul hangs in the balance.

> Pray for us as we ask our Lord for wisdom to make right decisions in everything.

> Also pray that the Lord helps make us more fruitful in soul winning, and obedient as we walk with Him in these perilous times, giving souls for our labor! We must win the lost at any cost!

This nation is dying fast... In the light and exhortation of II Chronicles 7:14, we Must, All Christians, Must be sure to vote in this mid-term election! We must vote in the light of our Christian faith; heritage; principals, and standards. **IF we Humble ourselves, Seek His face, and Pray, and Turn from our wicked ways, Then we have hope God will Hear from heaven, and Heal our land!** If we do our part, then God will hear us, and if it His will to judge this wicked nation, then we can believe He will help us by His return, or will preserve us until He does return! Jesus could return for His Bride at any moment! Oh, the realization of that Blessed Hope! What a flight through the clouds, and we will not have time to even grab a toothbrush! Oh, what Glory that will be! In the twinkling of an eye... Free at last, free at last... from the very presence of sin! I believe it could be much sooner than we think... so let's be actively sharing our witness; and the Gospel in these last days to those that will be left behind with no hope!

SO...KEEP ON KEEPING ON, AND KEEP LOOKING UP!

Under HIS Wings,

Judi & Jonnie
