August-September

Dear Praying Friends,

It has been three and a half months since Terisa and I arrived in the states. She has been busy since enrolling as a freshman at BJU. Her advisor informed her and the other girl from Pohnpei that as a result of their good grades in high school, they can take advance English.

One of my urgent prayer request was the need of a car to get around. The Lord answer that need through Brother Karl Sapp (missionary to Alaska). When he found out I was renting a car, he offered me to use his car without charge. I was able to ride the bus from Greenville, South Carolina to Dallas, Texas and picked up the car. Then I drove all the way back.

I praised the Lord for traveling mercies on the US highways. I also praised the Lord for fellowshipping and sharing the ministry with some of you already. Looking forward to see all of our supporting churches and friends, Lord willing.

Please pray that we will be able to raise the much needed 20 percent of our support . Also pray for my wife and daughter who will be arriving on September 17. I have rented a place for us while we are here in the states. Pray for safe traveling on the road as we drive to our meetings.

Pray for a friend of mine who goes out soulwinning with me here in the Greenville area. Allen taught Bible with me at the Bible institute on Guam. He and wife Lorraine have been a great help to me and Terisa just like The Enslins, the good folks at the mission office, and all of the folks at the churches we have visited. May the Lord abundantly bless you all.

Pray for the need for more teachers at our Christian School on Pohnpei and the families of two girls who drowned in a river flood last week on Pohnpei.

Until we meet again,
Yours in Christ's love....The Joel Family
