

THE JOEL FAMILY NEWSLETTER

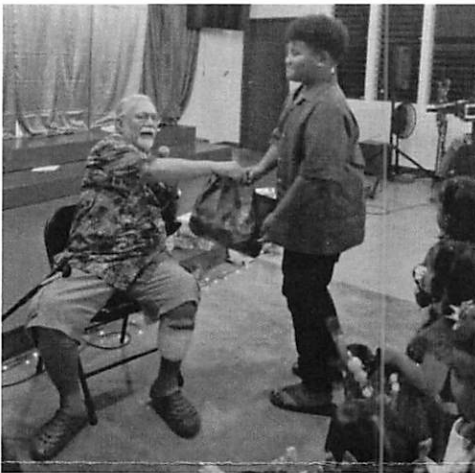

World Wide NT Baptist Missions, PO Box 725, KINGS MOUNTAIN, NC

Nov-Jan 2025-2026

MERRY CHRISTMAS AND HAPPY NEW YEAR. Trust that your celebration of our Saviour's Birth has been exceptionally joyful and delightful. Ours was very exciting as the Sunday-school children did their Christmas Cantata and reception of gifts. After that we had our Christmas Feast.

THANK YOU for your prayers, my Robot-Assisted Surgery went well and after two months of recovery, my son-in-law and I returned to Pohnpei from St. Luke Hospital in the Philippines. Not even one week after I returned, I slipped and fell in my bathroom and developed a huge lump on my thigh, which developed into a boil. When the nurses tried to clean and dress it, traumatic fluid and blood started oozing out. Upon observing it, the surgeon had the skin over the wound cut out, leaving a deep, round wound, the size of a Pringle chip. It has been two weeks of daily dressing at the local clinic and slowly, the healing started. Fortunately, I do not carry the diabetic gene that runs in my immediate family. Please continue praying for me as I am partly wheelchair bound and hoping to be completely healed before the new year.

We are getting ready for our New Year Activities. The NY Committee has decided to celebrate two days of celebration. On New Year Eve, I will initiate the New Year service with a sermon at 10:30 pm, followed by a Potluck late dinner, while waiting for the arrival of the year of our Lord 2026. Again, our prayer for you all is that you will have a Wonderful, Christ-Honoring Happy New Year also.

From Pastor William Joel and Family on Pohnpei to you all...Glory to God in the Highest, Peace on earth, and Goodwill to all
