

# KEEPING UP WITH THE JONESES

Gospel Independent Baptist Church Pastor Robert Greene Oxford, NC

April 2024

Ron & Loretta Jones

Dear Pastor and Church Family,

Greetings to you in the name of our Lord and Saviour Jesus Christ. I am so thankful that the Lord is allowing me to continue the work in which He has called me to do. India is a needful and a desperate country, over 26,000 people die every day in India and my heart aches knowing most of them will spend eternity in a devils hell. What a great responsibility we have to get the gospel to India.

My diirector in India Jeremi Babu passed away last year and we have prayed for God to send us men that will help to fill his shoes. I am so thankful for Timothy, he has been with Heritage India Ministry for many years. He is one of the many men that are working with me at Heritage India Ministry.

This is his testimony...

*My name is B. Timothy Babu. I am glad to share my testimony how God changed my life gave the gift of salvation through which I have eternal life , hope of glory.*

*I have born and brought in a Christian family . I use to attend the church services along with my Godly parents. But, I never knew Jesus Christ as my personal savior, as a nominal Christian I go and participate in the church. I was very much active in the church programs and much interested in singing and playing musical instruments. As days goes by our local church conducted a Gospel crusades. I attended to that meetings. The preacher was preaching about the destiny of man. He had a question saying that if you die tonight where will you go? That question struck to me and was ringing in my ears, was unable to stay stable, wanted to solve the question with my life, went to preacher and got more details regarding. He explained about the reality of life and shared Gospel of Jesus Christ, Then, I come to know that I am a sinner and am in need of Saviour in my life and confessed my sins before Christ and accepted Him as my personal Saviour who gave His life for me so that I can Live forever.. Amen.*

*That day I was settled in my mind got peace in my heart Praise the Lord!!! for saving my soul!!!. After some days I recognized that God even called me to be his minister. So, I left my secular job and committed to serve him, went to Biblical studies able to finish theological studies. Serving the lord for last 14 years. Pray for me and my family.*

*I got to know brother Ron Jones in the year of 2010, a committed, Godly men of God, heard from him about his vision for India and wanted to work with him in Heritage India ministry. -Timothy*
