

Spring 2025

Ron & Loretta Jones Missionaries to India

SENDING CHURCH: GOSPEL INDEPENDENT BAPTIST CHURCH HENDERSON, NC
PASTOR ROBERT GREEN JR.

Dear Pastor and Church Family,

I am so thankful that the Lord has allowed me to live another year. It's amazing to see all that God has done this year. As we entered the year we welcomed a grand baby and great grand-babies.

We have also been through loss, as my older brother passed away. The Lord has given us much peace as I know I will see him again. I am so thankful for that brighter day.

I am also very thankful that God continues to give us a vision for the people in India. They are a lost and dying people and need the word of God spread throughout their land.

This October will be 27 years that God has allowed me to go in and out of India. God has built many churches, started orphanages and bible colleges.

God has saved thousands of Indian souls in these 27 years and I am so grateful to have been just a small part of it all. Without you, it couldn't have been done.

It is my plan to continue to reach the people of India until the day God calls me home. Due to my failing health, my doctor has restricted me from going into the country of India.

He feels that due to the living condition and how far away a cardiac doctor would be, going would jeopardise my health even further.

In the last 5 years I have had 3 heart attacks and in the last year I had a watchman put in to prevent blood clots, also an oblation to keep my heart rhythm steady and now I am being treated for liver cancer.

There are more test ahead and possibly another round of radiation. They also are going to be checking on a spot on my lung, please pray this is not cancer.

I feel that I am in a good place for a miracle! My last test on my liver showed that about half of the cancer is gone. I went for another MRI on August 7th and we are praying the cancer is gone. Would you pray with me? I will continue to raise support for the national pastors to continue the work in India.

What I am asking of my supporting pastors, please remember my family in your prayers. Loretta had an appendectomy this year and she has been battling issues with her liver as well. Pray that God will strengthen her as well.

We ask that you continue to support us as we continue in the ministry, as God gives us the desire to watch it grow!

"Cast me not off in the time of old age; forsake me not when my strength faileth." Psalms 71:9

God's calling is without repentance and I will continue to oversee the works and encourage others to surrender to missions. I pray that through your church we can still reach India with the gospel of Christ.

This isn't a letter of defeat but rather of determination to continue in the ministry and to see the ministry continue beyond what any of us ever imagined or dreamed for the cause of Christ!

Please let us know how we can pray for you.

Ron & Loretta Jones
