

# SICILY UPDATE

MARCH 2005

Dear Friends,

Time just goes **MARCHING** on! Spring is just a few days away and not too soon! Winter really has been rough here in Italy. During February, I spent 3 days in bed with fever and Linda had a relapse of the flu, which was worse the second time and put her in bed for a week. Thank the Lord both of us are much better now.

March brought to my mind some things the Bible says about the wind. Job said, "O remember that my life is wind". Jesus made a comparison of those that are born of the Spirit with the wind blowing in John 3:8 Wind is used as an element of distraction, but if we build on the **ROCK** the wind has no effect. If we know the Master that controls the wind, we need not fear.

February 5th and 6th the Galioto family was with us for fellowship and service. Bro. Salvatore made several visits with me and spoke in our Sunday night meeting. The children did the special music and it blessed each of our hearts. It is always a blessing to have them with us. We praise the Lord for the work they are doing on the other side of the island.

Our featured family this month is Nunzio and Graziella Giustolisi. They have three children of which two are married. They also have three grandchildren. After many years of struggling, Nunzio now has a good job with the city driving a truck. Many years ago, they applied for government housing and recently they have been accepted and soon will be moving to their new house. They are praising the Lord for the difference he has made in their lives.

The Giustolisi Family

Sister Tina returned to Catania last week after spending 3 months up in northern Italy with her family. she is glad to be back home again and looking forward to being able to fellowship with us again and studying God's Word together. She is having some health problems and would appreciate your prayers.

Until next month, God bless each of you and we trust that you have a wonderful Easter.

In Christ,

*The Jordans*
