Ministering to the Military Families in Hohenfels, Germany

“O magnify the Lord with me, and let us exalt his name together.” Psalm 34:3

Dear Praying Churches and Families,

June 2019

Serving the
military since
September
2004

This past January I wrote to you all to let you know about the ministry changes that were going to be taking place in my ministry. Through much prayer and godly advice from men and women whom I consider my advisors, I surrendered to the will of God, to leave my job on the local military post of Hohenfels, Germany to become a full time missionary. Since then, things have been moving very quickly for me. I have started a bit of deputation by visiting churches here in Germany and was taken on by two military works. Praise the Lord!

Blessings: Pastor Bill Ensley, the pastor that I work with in Hohenfels has helped me a lot with advice regarding finances, calling pastors and even giving me a few contacts within the United States. Hohenfels Baptist Church volunteered to pay for my new prayer cards and retractable banner. Many of my friends and contacts have given me new contacts to make which has been immensely helpful. My mission board “World Wide New Testament Baptist Missions” has supported me as I prepare for this change through training, group support, contact lists, etc. and is always willing to answer any question that I might have. And Keith Klaus a fellow missionary in Germany (and my brother-in-law has) helped me design my prayer cards, make my video presentation and basically anything else that I need. I am very blessed to have these people in my life and hope they know how much I appreciate them.

But the greatest blessing that I’ve had up until this point was the phone call I received after church a few weeks ago. My sister, Christi White called to tell me that her young niece received Christ as her Saviour through the testimony I gave during my ministry presentation at her church. Praise the Lord for His leading!

Answered Prayer: -One of the things I began praying about in the very beginning of this journey was for a few people in our church to step up to take over my duties in the church, and as of the beginning of May, that prayer was answered as 4 people in the church have begun filling this need.

“This I recall to my mind, therefore have I hope. It is of the Lord’s mercies that we are not consumed, because his compassions fail not. They are new every morning: great is thy faithfulness.”

Lamentations 3:21-23

-The Lord has provided a prophet’s chamber for me in Wyoming that I can use for as long as I am in the area visiting churches on deputation.
 -I have friends and family all over the country who have offered me a place to stay as I travel across the country.
