

A Klaus Family Update

The last few months have flown by as we have served our Lord here in the beautiful land of Germany. We have been truly blessed to see the Lord strengthening His church and are excited about what God is doing in Bavaria!

In April, we had a 2 evening lecture series with Dr. Markus Blietz. Dr. Blietz is an astrophysicist who came to Christ about 8 years ago. He travels over much of Germany sharing valuable information about science and the Bible, and we were blessed to have him with us for 2 evenings this year. The event was well visited from area churches, and we also had some local visitors from the surrounding towns come and listen.

In May, we were privileged to host the choir from Faith Baptist Bible College as they performed a concert for us. In the morning before the concert we took all 27 of them on a short tour of the nearby city of Regensburg. While we were in the cathedral, we asked if they would be allowed to sing a song in the church. The caretaker agreed, and we were astounded as everything in the cathedral came to a stop while people came to the front to listen. We were able to invite several to the evening concert, and one family

made the trek out to our area to hear the choir again. They truly did an amazing job, and even better, there were several opportunities after the concert to share the Gospel with some of the visitors. Please pray that we will be able to continue following up on these contacts and that the Lord will continue drawing these dear people to Him!

In June, we were saddened by the passing of one of our church folks. Peter Adelman was 53 years old and had been attending for about the last 3 years. Peter had some struggles in his life, but had a very clear testimony for the Lord Jesus Christ. He truly had a joy and faith in him that cannot be matched! I was privileged to be able to hold the funeral and share

God's truth with the people he had influenced in his life. I had the opportunity after the funeral to speak with a friend of Peter's about Christ. Please pray for Simon, that we will be able to continue to be a light in his life.

We are constantly amazed to see how God is building his church in our area. Last year, we were privileged to be able to start a new church out of our church. In nearby Neumarkt, some good friends of ours will be starting a church this fall. It is a privilege to be able to assist in these ministries, and we are excited to see Christ's church advancing in Bavaria. I know of at least 4 new churches being started in our state over the course of the last year!

On the home front, we are thrilled to have Bethany back home for the summer after completing her first year at Pensacola Christian College. Kaleb is in the midst of fulfilling his two weeks of summer Marine Reserve duty. He wrote last week that the temperature in the desert where they are training reached 120° - please pray for safety for him and those who are serving with him. Levi is rapidly approaching his 15th birthday (July 6) and still growing like a weed. We are all very thankful for your love and prayers! Julia's mother had a liver transplant last year in Alabama and is doing very well.

My father has been fighting liver disease as well for the past several years. He has decided against a transplant and his health has been declining rapidly in the last few months. Please pray for us to exercise wisdom as I will likely need to travel back to the US to assist the family at some point. He has an amazing testimony of Christ in his life. Please keep our family in your prayers as we seek God's leading in these matters.

Again, thank you so much for being faithful in YOUR mission field. We are always encouraged to hear from you all what God is doing in your place of service, and we thank the Lord for each and every one of you.

Resting in Christ's Grace,
Keith and Julia Klaus and Family
