September/October 2017

Dear Co-Laborers in Christ,

**“And a voice came out of the throne, saying, Praise our God, all ye his servants, and ye that fear him, both small and great.” Revelation 19:5**

This is a verse that reminded us to “Praise our God” even when things didn’t go the way we planned.

Each year visitors arrive in Grenada for the Carnival Season and leave a sickness that spreads once everyone gets back to school and work. This year it was red eye and a cold. The Health centers had long waiting lines while school attendance was low and a few schools even closed. It was a rough beginning to the new year of pre-school, and with so many missed days, the students are behind, but we praise the Lord for the students He has given to us this year.

About the time we thought things were getting back to normal, our family caught a next cold going around that was more like the flu. Robert had a reaction to the medications, and it took him a month to recover. Carrie had her hands full not only taking care of us but Pat was unable to help in pre-school for two weeks. We even had to cancel a few church services.

Kenson gave us a reason to “praise our God” when he stopped by the church one afternoon to talk with Robert. That day, he asked the Lord to save him and has been faithfully attending services.

We also praised the Lord when our church family rose to the challenge to “get busy for the Lord” by participating in a couple of work days. The church needed a good cleaning inside and out, and the pews were in need of a little varnish. They were excited to help and had fun. It really encouraged us because we have never had help when we tried work days in the past.

It may take us a while to catch up on the things we need to do, but we can continue to “praise our God” for His care and blessings.

In Christ,

*The Mathena's*
