Missionaries in **BOLIVIA** South America

July / August 2026

Dear Prayer Partners and Supporters,

Since our last prayer letter, God has been working here in Bolivia!! Last month, we received all the needed funds to buy a new church van. We made the purchase at the beginning of August, and it has already been a blessing! We are currently planning an outreach in Lava Lava Alta (an area about a 10-minute drive from our church) and hope to start a van route there at the beginning of October. Thank you to all who gave to help meet this need! We hope one day in heaven you get to meet the lives changed because of your faithfulness.

Our church hosted several events during the month of July, the first was a basketball workshop. Over 40 kids attended, and we had a great time! Several of those kids have since attended our church as a result! Just 2 weeks later, we hosted an outreach in a local elementary school where we shared the gospel with over 600 children and passed out much needed school supplies and invites to our church. We also gifted each of the 30 teachers a Bible. Please pray that God uses that opportunity to open doors for the gospel.

Finally, in the month of August, Jacob's grandparents (Rudy and Nancy Waff) had the opportunity to visit with us for 2 weeks. They were missionaries in La Paz, Bolivia for over 30 years and they played a big role in God calling us here as missionaries. Grandpa was able to preach twice and many of their friends and church members from La Paz came and shared testimony with our church here in Sacaba. During that special service, a man came forward during the invitation and received Christ! How incredible that years later, God is still using the Waff's faithfulness to reach lives here in Bolivia!

As our ministry has been growing these past few months, so has our family. We are excited to announce that we are expecting our 4th child in February 2027! We are so thankful for this precious new addition God has blessed us with! Please pray for Shera as this pregnancy has been a challenge, especially with us living at 8,500 feet above sea level.

Your servants for Christ's sake,
