As I conclude another quarter
of this year, September 2014,
I am glad to report good health.
We have continued our Sunday meetings
with regular folk and those who visit.
It has been a good time of outreach,
contacting those on the street
and giving out tracts.
The telephone ministry continues.

Dear Friends,

I certainly do appreciate the financial help you have sent my way.

Thanks too for the prayers for the Lord's work here. I travelled to Deer Lake Newfoundland, for two Sunday services.

They have been without a Pastor for some time.

This past Sunday, we had the Jerry Jackson family from Texas.

They are raising their support to plant a church in Western Canada.

Earlier, the Grinsteeds had come for a service, They are on their way to Argentina.

This has proved to be a foreign mission field.

One afternoon when I was out, I talked to people from six different parts of the world. I visited Mr. Nickerson in the Nursing Home, and waiting for the bus, met a group from Saudi Arabia. We had quite a discussion there at the bus stop.

At the bus terminal I sat beside a lady from Denmark, then on the bus a lady from the Philippines sat beside me. On another bus there was a lady from Mexico. I gave out a few tracts that day.

Two couples have come recently, and a young man with his son.

When these come with family and friends, we have quite a group. Then we have those who move to find work.

Thanks again for your fellowship in the Gospel.
Be sure of my Prayers

Gerald Mosher
