

JOHN AND KIM O'MALLEY

July, August, and September, 2018.

Dear friend and supporter of our ministry,

You make a difference. No matter how you invest in missions, you make a difference. You pray. You give. You send. You go. It is not right that the world sits in darkness without someone bringing them the light. It is not fair that we who have the Gospel do not go to the darkness-dwellers. Every missionary you support, myself included, has stewardship of both the Gospel and your investment. Thank you for helping us.

Last month, the conference in Germany was an overwhelming success. In attendance, we had over 60 people with us in Nittendorf, Germany. However, the spiritual accomplishments exceeded anything we could have dreamt. But, God does just that. He always does the exceeding and abundant. He still does more. It is hard to decide between the fellowship, singing, preaching, and prayer time which element excelled. Missionaries and ministry people from four continents

were touched, helped, and blessed. Thank you for praying and giving.

After the conference, Kim and I remained in Europe and visited two families with World Wide New Testament Baptist Missions. We saw their work for Christ and are encouraged.

World Wide New Testament Baptist Missions added two missionaries to assist and serve to our missions family. We also have one more interview in September. If approved, we will have added three families in three months. Of the three families interviewed, one is a US church planter, another is a church planter to Latin America, and one family will assist furlough missionaries and churches without Pastors on a short-term basis.

During this season, I assisted in the training of missionaries with Armed Forces Baptist Missions. What a blessing to help those who reach America's military community. I also helped with preaching responsibilities in the missions meetings of four churches.

Those who dwell in darkness need you. Thank you for sending Gospel messengers with light for their darkness. Thank you for supporting me to assist missionaries and their churches to get their people to the field. Thank you for aiding us to be available to encourage and advise those looking to give their lives in missionary service.

For His harvest,

John O'Malley
