

THE O'MALLEYS

April 20, 2020

Dear Friend and Supporter,

As of March, I am back to full-time ministry. You cared, you prayed, and you believed God with us. Thank you. You called, and you sent letters, cards, and gifts. Thank you.

The pandemic has not stopped God nor the ministry.

I am performing my mission agency leadership responsibilities from home and speaking in churches via their live-stream services. I spoke in five states in one week in April. I am glad for the adaptation of churches to find a way to feed their sheep and reach the world.

The pandemic hindered many churches from holding their missions conferences this spring. The pandemic kept me seeking the Lord on how we could help missionaries. God placed on my heart how I could help our missionaries. I decided to hold an online missions conference for our missionaries. Four nights per week for thirty minutes, I help a missionary tell their story to hundreds of people who are under stay-at-home orders.

A dear friend called me about the desperation in the world. He asked me to pray with him the next day at the ninth hour, like Peter and John in Acts 3, about the pandemic and the spiritual condition of the world. The next day, the Lord led me to pray online, live. The Ninth Hour Prayer meeting helps many to fix their eyes on Him and to set their expectations on Him.

At the end of February, the pastors who lead World Wide New Testament Baptist Missions asked me to become President of the missions agency. Brother Jeremy Lockhart became General Director. Brother Danny Whetstone retained his position as Vice-Chairman of the Board.

The Lord is in control. We have a world to reach. Thank you for investing in us to help reach the world with the Gospel, assist missionaries, and point people to Jesus.

Yours for the harvest,

John O'Malley
