

Third Quarter, 2021

Dear Praying Friend,

Thank you so much for praying for our See The Harvest trip to Boston. You gave; you prayed, and God gave the increase. We presented the Gospel on the streets, door to door, and one-to-one evangelism. Three responded to the message of the Gospel and professed Christ as their savior in a church service. Many heard the truth of salvation and serving the Lord. God blessed us as we sowed seeds throughout the greater Boston area.

The See The Harvest team met one-to-one with pastors in the area. Over a dozen pastors met with our team and told them of the need in the northeast. I am praying God will use this trip for the sake of the Gospel and His name's sake so that more laborers will submit to His call.

The See The Harvest Team

In August, we shared our financial need to go on the See The Harvest trip. Your response sent us. We led the team to many places, so they could see, learn, and do harvest work. Thank you for sacrificing and making way for us to go. We are making plans to go in 2022 to Boston. In 2023, Lord willing, we will go to Scotland. Please plan on coming with us. You can visit seetheharvest.com to learn more.

Please pray for displaced missionaries because of COVID. Some cannot leave their field for needed furlough. Others cannot get back to their fields for the same reason. I am pleased with how churches are helping missionaries, though they cannot travel and serve. Will you pray for the leaders of governments to permit foreigners to travel back to their country of service? Pray for the National leaders who are doing everything they can to serve the Lord. Pray for the relief of the pressure of the families who are in need as they wait for God's timing.

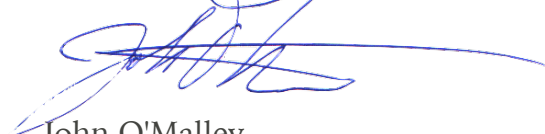

Please pray for the churches who are holding missions conferences this year. Many churches could not hold their conferences in 2020. Pray for the churches to have an overwhelming response of faith to give to the cause of the evangelization of the world.

A few days ago marked my two-year anniversary of surgery. I rejoice in the good heart the Lord's given me. Please pray He will use me for His purposes. Please pray for Kim as she continues to serve as the office manager of World Wide New Testament Baptist Missions.

At the end of September, I could return to the campus of Ambassador Baptist College and preach in chapel. Unfortunately, since heart surgery and COVID, I could not return to campus and encourage many for missionary service. I will return next month to help share the need of missions in the world at Ambassador's missions conference.

Please pray for our safety, health, and wisdom. Every day God gives opportunities to influence, instruct, and inspire others to be involved in missions. I am glad to be your representative in the Great Commission.

Yours for the harvest,

John O'Malley
