

June 2023

Dear Praying Friend,

I am grateful for an amazing Summer. Thank you for praying as I led the See the Harvest team.

Your giving and praying allowed our team to hand-deliver the Gospel into 38,400 homes to a population of over 110,000 people from 10.5 towns. We heard from people in four towns who asked for a Bible study to be held in their town. We were not without opposition, as we heard from many who were disturbed by the Gospel being delivered into their home through the mail slot in their door. Putting literature into mail slots, called letterboxing, is legally permissible.

Scotland needs the Gospel. I plan to organize another team to Scotland with See the Harvest next year. I led a team of over 20 people aged between 18-72 years old. If you have people who want to go, have them visit seetheharvest.com. We will have two teams next year. The dates are June 3-13, 2024, and June 17-27, 2024. Yes, we are accepting applications for one or both teams.

I met many people on the Scotland trip, yet Glenn stands out to me as the one about whom I should tell you. Glenn prayed three days before I met him. He told God, "Since my grandmother died, no one has come around and spoken of you. Would You send someone to me?" Because you gave and prayed. God sent me. Glenn received a clear plan of salvation.

Because you give and pray, the Gospel still works.

Yours for the harvest,

John O'Malley
