

January 2023

Dear Praying Friend,

Thank you for investing in the Great Commission and our work in the Gospel. We could not be available for missionaries, churches, and the lost without your prayers, monthly support, and special gifts.

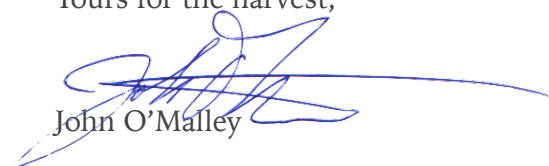

This month, I traveled to India. I met with the missionaries with World Wide New Testament Baptist Missions. India became the most populated nation in the world, passing up China.

I consider the population of nearly three billion people between the two countries. The words of our Lord remind us to pray for laborers. China and India pose significant challenges to sending American laborers. Satan blinds with religions. The Gospel shines. Please pray for laborers.

In December, Kim and I visited the first two churches we helped start in Grenada. What a joy! Pastor Anderson Gibson and Pastor Michael Lambert pastor these churches. Mrs. Evelyn Williams joined us for the day. She is the widow of the first National pastor with whom we worked. God is working in Grenada.

Yours for the harvest,

  
John O'Malley
