August 2010

Dear Prayer Partners,

The time is nearing for our departure to Micronesia. We have only about one more month. The Lord has provided a great blessing that we want to share with you. The cost of our medications was going to be approximately \$1,450.00, but God moved on the heart of a local pharmacy to give us all 18 months at their cost! The final expense ended up being \$157.00!! We serve a God who cares and is able to supply all our needs. With this taken care of, we only have need of the remaining return air fare and some incidental expenses that will total about \$3,500.00. Please continue to pray that God will provide these funds.

Your prayers for our ministry are so needed. We will be giving furlough relief to the missionaries in Micronesia, as well as, converting some warehouse space into an apartment. The apartment will be for a new family to help in the ministry there.

Since I last wrote, I have experienced some health issues. I was taken ill about 3 weeks ago with a high fever and chills. Melinda called the pastor of a supporting church in the area, and they took me to the emergency room. After doing some tests, it was determined that I had a very serious sinus infection. The doctor admitted me and started me on IV antibiotics. He then referred my case to an Ear, Nose and Throat specialist. This was on a Saturday night and by Tuesday morning I was in surgery. He said he had never seen so much infection. I had an allergic reaction to the antibiotics, and that kept me in the hospital a few days longer. My recovery has been slower than expected, but I now seem to be on the mend. Please pray that I will continue to recover.

Many have prayed and given to replace the stolen tools, and this is now taken care of in full! We expect to be able to replace everything that was taken, upon returning to the US.

**Praises:**

- Medications provided
- Tool fund complete
- Dental work complete

**Prayer Requests:**

- Recovery from surgery
- Funds for air fare and incidental expenses
- Sale of our house
- Medical expenses

We love you all and keep you in our prayers.

In His Service,  
Jack & Melinda
