Christmas Soirée Update

What a great blessing it was to see God bless the Christmas outreach. We had between 85 and 90 people present. Close to a third of them were unsaved friends and family. God truly answered our prayers that the lost would have the opportunity to hear the Gospel. Please pray that as we continue to develop these relationships, the Lord would use us to reach them with the Gospel. Our old neighbours expressed that they were leaving that evening with much to consider.

THE · PRICE · UPDATE

January - February 2019

We praise the Lord for how He has been working in the church. In addition to the Christmas Soirée, we had our annual Pause Café. We did not have as many visitors as normal since the city moved the location of the Christmas market, but we praise the Lord for those to whom we were able to present the Gospel.

Ian and Bella

As we finished out the year, the church had its annual business meeting. We were able to accept three new members into the church. Two are a couple that were married in the church with us, and the third is the wife's mother. All three have been faithful to the church and have been a great source of encouragement and help.

As we begin this new year, pray with us that we would be able to renew our efforts to reach out into the community and reach the lost for Christ. Please also pray that the church would be able to repay the loan for the building as quickly as possible. We praise the Lord that we were able to make some double payments a couple times this year.
