Wordless Book Bracelet Outreach

What a blessing it was to be able to work together as a church and prepare bracelets to hand out at our local festival. During two weeks, many of the church at the mid-week service came together to prepare the bracelets and tracts. 1,000 bracelets were prepared. The majority were distributed to children and adults during the week of the local festival. Please pray that we would see fruit and that souls would come to know Christ as their personal Savior.

September - October 2024

What a great blessing it is to be able to serve the Lord on the mission field! The last several months have been busy. I was at the Bible Institute teaching a class on the Synoptic Gospels at the beginning of September, and will be teaching a class on cults in November. I also have the great blessing to be able to go to Ivory Coast again in November. I will be teaching on the Baptist Distinctives at the Bible college. Pray that as I travel and am away that the Lord will keep the family safe. Pray also that the church will continue to move forward for the Lord. Please pray for the restart of the Youth Group and Bible Club after the summer break.
