

THE · PRICE · UPDATE

January - February 2025

Praise the Lord for all that He is doing ! Sometimes, it is easy to get caught up with the day-to-day activities and forget to take a step back and evaluate what is happening in the ministry. This past year, we have experienced struggles and heart break, but also many victories. Sometime the victories may appear to be small, but they are still victories.

- Praise the Lord for the many visits during the Pause Café.
- Praise the Lord for the couple coming from a supporting church in February to help with renovations in the church.
- Pray that the church would grow in spiritual maturity.
- Pray for several members of the church who are battling health problems.
- Pray for the trip to Ivory Coast in March.
- Pray that we would see souls saved for His glory.
- Pray this new year and all of the projects in the planning (Tour de France, Mission teams, etc.
- Pray for conference speaking engagements in March and July.

One of those victories is two young ladies (sisters) coming to church the last two months. They are coming with very difficult backgrounds (drugs, alcohol, etc.), but God is working in their hearts. Another victory, is that we often have the auditorium of the church full. It does not happen every Sunday, but God is good and the people of the church are striving to be more faithful as they grow in their walk with God. Please pray for

some of the heartbreaks also. We have lost several people recently because of difference in biblical convictions. Pray that God would work in their hearts so that they may understand the unchanging truths of His word.

Family News

Please be in prayer for our families in the USA. Our parents are both advancing in age. Both Melissa and I had the opportunity to visit our parents this January. Melissa's parents are doing well overall, but age is catching up. Please pray for my parents, Mom has Alzheimer's and Dad is tiring himself taking care of her.
