### **Our Current Ministry**

The Lord has directed us to work during our furlough time in a growing Spanish ministry in one of our supporting churches here in FL. David is preaching and Heidi is teaching Sunday school for primary age kids when we are not traveling. Last week David led two young Latin men to the Lord on visitation. The Spanish people are open and excited about the Lord.

### **A Big Answer to Prayer**

While eating in a restaurant after church, a waitress brought us a short note from a man at a nearby table. The note read, "I am a Shriner and we would be happy to help your daughter. Come and see me if you are interested." To make this story short, Cherie was accepted at Shriner's Hospital in Tampa and is now being treated for her left side paralysis. We are praising God for His clear answer to prayer.

### **Prayer Requests**

- For Churches in Bolivia
- For Francisco, Marcelo, Celestino and Emilio to be faithful
- For Young people to be saved and dedicated to serving God
- For effectiveness in the Spanish ministry in the US
- For safety while traveling
- For the doctors to have wisdom in Cherie's treatment
