

May 2020

Dear Pastors, Friends, and Supporting Churches,

I want to say how grateful the pastors of the Faith Baptist Church Philippine Ministry and our family are for your faithful financial support and prayers. The enforced quarantine in the Philippines is ongoing. It is still a policy that you are not allowed to get groceries without proper documentation to be out of your house. There have been instances of having bad water and doing what they can to make it work. Pastor Medina let me know that they are very resilient in these difficult circumstances. Please pray for the Lord to keep them all healthy and safe in these uncertain times.

Along with many other missionaries and evangelists, our schedule has had many cancellations. We are praying for this to only be the Lord pruning our calendar for a full schedule when the restrictions here in the U.S. are lifted. Thank you to those who have sent extra funds on the ministry's behalf during this time. We are all very grateful! We have a new presentation video for the Faith Baptist Church Philippine Ministry. We would love for you to watch it and share it with your church family.

Looking unto Jesus,
Joshua Rhoades, Ephesians 3:20-21
