Dear Pastors, Friends, and Supporting Churches,

What an incredible month it has been! Currently in the Faith Baptist Church Philippine Ministry, there are three building projects going simultaneously across the Philippines. The construction of Sunday school classrooms and living quarters for Pastor Benjo Alarcon at Padara, the construction of the first permanent church building for Pastor Tom Guevarra in Bataan, and the Gospel feeding center for Pastor Balanquit on the Polilio Island. Thank you very much to everyone that gives and prays for the pastors and their family's serving the Lord with this church planting ministry. We are praying for more opportunities to come to church's and pastors fellowship's to present the ministry. Please pray with us for the LORD to open the windows of Heaven in the weeks and months ahead.

Looking unto Jesus,

Joshua Rhoades, Field Director, Ephesians 3:20-21
