Dear Pastors, Friends and Supporting Churches,

2022 is well underway and so is the Faith Baptist Church Philippine Ministry! We praise the Lord for the 120+ that were saved, baptized and are being disciplined by the pastors of the FBCPM across the Philippines. Though the government may tell their citizens where they can and cannot go due to quarantine restrictions and vaccine mandates, the FBCPM is finding people are even more hungry to come to church services and have Bible studies! Please continue to pray for the safety and provision for FBCPM. Pastor Sammy Medina of Christian Baptist Church in Santa Maria, Bulacan let me know that they are being told that they are not allowed to enter the supermarkets and other stores without a vaccine card. They are not allowed to use public transportation without a vaccine card. Yet they are continuing to have church services preaching the Word of God! They are continuing to have weekly Bible studies discipling young believers and reaching folks with the Gospel. The church of God always thrives when the devil tries to make it tougher to obey the Lord!

There are construction projects that have been taking place at the various church locations. As the Lord provides, Pastor Medina is continuing the expansion of his church. It will be used for a new dorm for the workers/students at the Bible college, a new kitchen and bathroom facilities. Pastor Reggie Decena was able to do some construction to remove a flooding problem behind their church. If you would like to help with the construction costs for the FBCPM, please address the check to Faith Baptist Church and on the memo write “Construction Projects”.

Looking unto Jesus,
