September 2026

Dear Pastor, Friends and Church Family,

First, I want to express my sincere gratitude to every church and individual who faithfully prays for and financially supports the Faith Baptist Church Philippine Ministry. Your prayers, encouragement, and sacrificial giving are making a real difference in the Philippines. Because of your partnership, Filipino pastors are preaching the Gospel, discipling new believers, training young men for the ministry, and establishing local churches in communities that desperately need a faithful Gospel witness.

For those who do not yet financially support the Faith Baptist Church Philippine Ministry, may I graciously ask for the opportunity to come and present this church-planting ministry to you and your church family before the end of this year, or perhaps be scheduled to come sometime in 2027?

The Faith Baptist Church Philippine Ministry exists to help Filipino pastors plant strong, independent, Bible-believing Baptist churches throughout the Philippines. Our goal is not to create permanent financial dependence, but to help national pastors get established, reach their communities, disciple believers, train future workers, and develop churches that become self-supporting and capable of reproducing themselves.

We assist church planters with limited financial support, Bible training, evangelistic outreach, discipleship, ministry resources, and special needs while encouraging each work toward long-term stability and independence.

God has graciously allowed this ministry to have 45 churches planted throughout the Philippines, and we continue to see new opportunities opening for church planting, Bible training, and Gospel outreach.

It would be a great privilege to personally come and share what God is doing, introduce you to some of the pastors and churches being helped, and show how your church could have a direct part in reaching souls, strengthening pastors, and planting churches across the Philippines.

Would you prayerfully consider allowing me to come and present the Faith Baptist Church Philippine Ministry to your church family?

Looking unto Jesus,

Joshua Rhoades
