

Seasons Greetings from Beanland:

It is our desire that all of you enjoyed a bountiful Thanksgiving and will have a blessed and Christ centered Christmas. As well, it is our prayer that the year of 2003 will bring you prosperity and joy in your daily lives and even greater joy as you serve our Lord and Savior.

We want to use this special letter to thank all of you who participated in our ministry by prayer or financially this past year. You have been kind to us and as always, God has been very good to us. It is our hope and desire that we represented both you and the Lord well in this, our adopted country of Mexico. We have been here more than 30 years and we never want to forget the reason of our calling. We want to be Seed sowers, soul winners, church planters and encouragers all in accordance with Gods Word.

Even though the Lord allowed illness to come into my life this year, I have been able to teach 15 times each week and head up this large and growing ministry. Delia teaches 12 times each week and is the full time secretary of the Bible schools. Jerry jr. has joined us in teaching music classes and is also taking some Bible courses. The Lord has answered hundreds of prayers for us both here in the area of ministry in Guadalajara and in the ministry of the Yucatan, Quintana Roo area. He has also answered many of our family or personal prayers and has supplied our every need. Plus, He has, as He always does, supplied many desires far and above our needs. We serve a Great and loving God.

We wish you a very merry Christmas.
