Taylor
MISIONEROS A MÉXICO

AÑADIENDO FAMILIAS ENTERAS

**A CRISTO
Y SU IGLESIA**

June 3, 2020

Dear Gospel partners,

With grateful hearts for your prayers, financial support, and kind messages, we write this letter as a testimony of God's working during the past months. Since we arrived on the mission field in Puebla, Mexico, His hand has been evident.

Therefore if any man be in Christ, he is a new creature...

It was an incredible day on Saturday, May 9th, to launch "Fundamentos Familiares" at "Iglesia Bautista Libertad" in Puebla. We had been preparing the team for a few months, and they worked hard to invite their friends and pray that God would bless. More than seventy people attended the counseling event, and of those, there were a total of thirteen unchurched people in attendance. That launch opened doors to personal counseling, with a few already receiving Christ and attending church faithfully.

Fernando (above) was a guest in that meeting. He listened carefully and decided to surrender his life to Jesus. He shared with us how he had been ruining his family through alcoholism, but that he has been made new. It's been a privilege to see him attending church since then. We look forward to further discipleship with him.

We have also launched the ministry at "Iglesia Cristiana Bautista", the church we attend here in Puebla. It was a blessing to see this lady (left) receive Christ, and then to have them come as a couple for counseling. Those moments provide great chances for nouthetic counseling and betterment as a family.

Our team working though COVID crisis:

When my my family and I came to Mexico we never imagined the magnitude of chaos that was coming to the world. However, God is in control of everything and He works through all circumstances and problems. The Lord has allowed us to develop an active team of people working in "Fundamentos Familiares"; a graphic designer (who made the business card magnet on the right), a web and app designer, a personal assistant, and a secretary who answers messages and schedules our in-person counseling sessions. These great people have made it so that we are working locally in the present, and preparing together for expansion to other places/countries in the future.

Together, we are learning the best way to serve God, to reach families, to train counselors, and to accomplish our projects for "Fundamentos Familiares".

The Lord has been more than generous in allowing us to continue serving Him in the midst of COVID, and we have been blessed with good health. We are praying for you, our Stateside partners, especially those individuals and churches that have been directly affected by the virus.

Thank you for your eternal investment in Mexico. May the Lord continually bless you and show you His promise of Philippians 4:19: *"But my God shall supply all your need according to his riches in glory by Christ Jesus."*

Feel free to contact me through email at keruxhispano@yahoo.com or on Facebook Messenger.

From Jesus' victory,

A handwritten signature in black ink that reads "Kevin Taylor".
