

February 8, 2026

Dear partners in the Gospel,

With gratefulness, I send you this first-trimester update of 2026, wanting to inform you of how your partnership is "making a difference" (Jude 22).

A big, God-directed move:

After much prayer and seeking the Lord's direction, God has led our family into a new season of ministry. Since arriving in Puebla in 2020, God has allowed us to plant **Iglesia Bautista Esperanza Viva in Puebla** and to open **Hope House** and **Hope House for Ladies**. We rejoice in what God has done and know that they are in good hands of God and our trained leaders. All these ministries are continuing on!

At the same time, the Lord has clearly directed our steps to begin working with **Pastor Luis Ramos at Iglesia Bíblica Bautista in San Luis Potosí** (6 hrs. north of Puebla). My responsibilities here include:

- Serving in pulpit ministry in church services.
- Teaching two classes in their thriving Bible College (over 250 students).
- Helping reach broken marriages and addicts people through Biblical counseling ministry.

The church has an amazing influence for the Gospel across Mexico and internationally, with missionaries serving 51 countries. Lord willing many of the materials I have written for families/addictions will get translated and make a greater impact around the world (Col. 1:5-6)!

The church in San Luis will be providing our housing, but **we will continue to depend on monthly support for our remaining living and ministry expenses**. Our move took place on Monday January 19. The day before, we had a tearful goodbye service with our dear people in Puebla, but we rejoice to hear the church there has had good attendance, visitors in services, and good leadership from the interim pastor and other leaders.

Your prayers mean more to us than we can express. If you have any questions, feel free to write me at keruxhispano@yahoo.com.

With gratitude and joy in Christ,
