

Julia Walker

to the Deaf of Liberia, West Africa

January 2026

Dear Co-Laborers in Christ,

“But Jesus beheld them, and said unto them, With men this is impossible; but with God all things are possible.” Matthew 19:26

As I begin to type my first prayer letter, tears of joy are beginning to stream down because...

- *Only God could take this stubborn sinner and make her a child of The King.
- *Only God could give her a heart aching to help the Deaf world hear of Jesus.
- *Only God could make her reality feel like a dream!

To each of you who have had any part in this budding endeavor, thank you!

*Thank you each for your prayer support, most of all. There have been multiple times in these short months of deputation where it was no mistaking the Lord’s hand moving because of the prayers of His people.

*Thank you for your financial support. In just over a month and a half, enough support was raised for me to stay the full year to assist Missionary Carrie Whaley! (And, yes, this is another “Only God” statement!) All funds that come in over that amount will allow me to stay for a little longer when she needs to return to the States for furlough.

Outside the date of my salvation, one of the most special dates in my personal history will, no doubt, be January 24, 2026!! That is the day that, Lord willing, I will be flying to Liberia!! Prayers for safety would be immensely appreciated.

The ministry to the Deaf there is still very much in its beginning stages. Several are already beginning to understand their need of salvation. Prayers for wisdom in working with them will be invaluable. Names to bring before the throne of grace: Amos Cooper, Elvis, William, and Alfred (all Deaf) as well as the daytime guard, Kovah Johnson.

The next letter will be written on the other side of the pond!! Until then, may the Lord bless you for all you do for Him.

All Because of Him,
Julia Walker
