October 2007

Dear Pastor,

I am sorry that it has taken so long to get a prayer letter out to you. We have been extremely busy and jet lagged!

Darleen and I had a great trip to Singapore. We had a four-day meeting with Brother Poelman. He is pastor of a church, and he invited other churches to join us in the meeting. The Lord blessed with good numbers. We had a number of Chinese-speaking folds visit with us, but I was able to preach in English.

The Poelman's traveled with us to four cities in China. It was a blessing to meet many believers during our travels. It seems to me that the number of believers in China is significant. Trainers are desperately needed. Many have been led to Christ, many Bibles have been distributed, and many small groups are meeting. However, most of the leaders have very little Bible knowledge. Pray earnestly that the Lord will send forth laborers for this task at hand.

We returned to the West Coast of the U.S. and took a few days off while waiting for a pastor's conference at North Valley Baptist Church in Santa Clara, California. Brother John O'Malley (World Wide General Director) and his wife Kim (World Wide Office Manager) met us in California for the conference. We were able to have a display up for the Mission during the meeting. We hope to open up the West a bit more for our missionaries on deputation.

We had two days at home before heading out again for missions conferences in North Carolina, New Jersey, Tennessee and Virginia. It will be busy for the remainder of the year. The Lord willing I will make a trip to Burma (Myanmar) in December. If you have listened to the news you know things are not going well there. Please pray that things will settle down so that this trip can be made.

Thank you for you kind prayer and financial support of our ministry.

In His Service,
