WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

August 2015

Dear Faithful Friends,

This has been a rather unusual summer for us. Usually we go overseas in the summer, but this year we decided to stay home so that we could help Abraham Uk from Myanmar raise some much needed support. However, his visa was denied and his trip has been postponed indefinitely. Obviously, it would have been wonderful to see this task accomplished, but having some time to catch up on several undone projects has been a blessing. Even though Abraham could not make the trip, two churches have taken him on for monthly support. Please pray with me that others might do the same. I know traditionally missionaries actually visit a church before they are supported by them, but on rare occasions, we have come across a church that does the unusual.

In June, we had the annual Family Fellowship Meeting for World Wide New Testament Baptist Mission. The meeting this year was held at Brookhaven Baptist Church in Greensboro, NC. Pastor Fred Daniel serves with World Wide as an Executive Board member. He and the church did a commendable job of hosting the meeting. The teaching, preaching, fellowship and food made for a great week.

Darleen and I are so grateful for your continued support of our family and ministry. Many of you have stood by us for a very long time, and we never take it for granted. It has also been a blessing for us to see how your missions effort has grown through the years.

The Lord continues to send missionary families our way. It is a joy to serve these fine families and their sending churches. Brother John O'Malley and the office staff work diligently to meet the needs of each of these missionaries. As you know, things are rapidly changing all over the world. Join us in prayer for every faithful missionary serving the Lord in regions beyond.

God bless your faithfulness.

In His Service,
Danny A. Whetstone
