

## DANNY AND DARLEEN WHETSTONE

WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

**December 2021**

Dear Pastor,

Darleen and I are grateful for your faithfulness in prayers and financial support of our work. Despite the changes concerning covid in the past year, the Lord has truly blessed us. Far fewer meetings were canceled in 2021 than were in 2020. We have seen the faithfulness of the Lord's people in supporting missions even in these unusual times.

As you know, we were in Africa for a month and a half this summer. In November, I made another trip there, but only for ten days on this occasion. It is a wonderful thing to see the hand of God in the affairs of men. Every morning we witness the faithfulness of His mercies. We find great pleasure in serving our Lord, even though the forces of evil can often be seen attempting to interfere in the plan of God.

On December 1, Darleen had her right knee replaced. There will be several weeks of therapy, and I trust you will pray for her full recovery. She has pushed to stay on her feet for more than two years, but it became evident that she could no longer postpone the inevitable. We are grateful for an excellent doctor and hospital to do the procedure. We arrived at the hospital at 6:15 am and were back home by 8:00 pm the same day. She has done very well.

Again, thank you for standing with us through 2021. We have wonderful plans for the coming year in the service of the King. We are constantly encouraged to realize that so many believers are involved in our journey.

In His Service,

Danny and Darleen Whetstone
