

DANNY AND DARLEEN WHETSTONE

WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

June 2022

Dear Pastor,

We will be spending several weeks visiting World Wide New Testament Baptist missionaries in Arizona, California, Utah, and Montana. It is encouraging to see families surrendering to serve the Lord in church planting ministries. There remains a great need to plant churches in America. Let us pray that the Lord of the harvest will call many more families to start new churches across our great country.

The Lord continues to bless in mission conferences. However, I must admit that we are not seeing as many souls saved as we would like, nor are we seeing as many believers surrendering to full-time service as we long to see. Please pray with us concerning these needs.

I cannot express my appreciation sufficiently for you praying for my sister, Kathy. She has two more chemo treatments before further tests to determine if she is ready for surgery. She is doing better, but there is still a long way to go.

Darleen and I are continually appreciative of your earnest prayers and financial support. It is a joy to serve with WWNTBM and hand in hand with our supporting churches.

In His Service,

Danny and Darleen Whetstone
