

DANNY AND DARLEEN WHETSTONE

WORLD WIDE NEW TESTAMENT BAPTIST MISSIONS

February 2024

Dear Pastor,

In the late 80s, we were in Grenada, West Indies, laboring along with Bill and Tessie Medlin. Recently, Bill fell and broke his hip, which required a hip replacement. In the process, the doctors discovered that he needed bypass surgery. So, a few days after hip surgery, he had heart surgery. All went well until he fell again and dislocated his new hip. While he was in the hospital this time, Tessie was also admitted with heart issues and went home to be with the Lord. Bill is still recovering. Please pray for him and his daughters.

We are busy with missions conferences, and the Lord is blessing us. We do have a full year ahead of us. Please pray that the Lord will save souls, call full-time servants for His work, and give us good health with traveling mercies. We are confident that your prayers have been answered many times in our lives. Thank you so much.

The Lord has blessed World Wide New Testament Baptist Missions with one hundred faithful missionary families to serve. We would love to see many more surrender to missions and choose WWNTBM to assist them. Would you pray to that end with us? We are very proud of our mission President, General Director, and office staff. They are dedicated to serving all of us who are serving through our agency.

Darleen and I are certainly grateful for your continued faithfulness to us in praying and giving to make our ministry possible.

In His Service,
Danny and Darleen Whetstone
