

## The Wyrick's Newsletter

Greetings from Delta Junction, Alaska where Fall is in the air. Snow is on the lower mountains and in the forecast for tomorrow. We knew it was coming but hoped it would hold off for another month or so. But, we cannot complain. The summer was beautiful, and God has been so good.

We appreciate all of you that have so faithfully prayed for us and your faithful support of the ministry here. The need for the truck repairs has all been supplied, and we truly are thankful for all that gave toward that need. We know God will bless you for it. We are thankful for Solway Baptist Church in Tennessee and their gift to help us buy Bibles. We were able to give a Russian/English Bible to a young Ukrainian lady that visited a few weeks ago from Elon College, N.C. She was here in Delta Junction visiting Regina with her Aunt and Grandmother. They attended one of our Sunday morning services. Praise the Lord I had the opportunity to preach the Gospel to these ladies. By their expressions, I could tell it was contrary to what they had heard before. After the service, Regina wanted to give this young lady a Bible. We praise the Lord she accepted the Bible and pray that God will open her eyes to see her true need of salvation.

We have experienced a few set backs recently. After coming faithfully for almost 6 months, the Timoshenko Family has stopped coming. We have seen Vitaliy in town. He speaks but seems cold toward us. We have tried to find out what happened, but Regina has advised us to stay out of it. She has hinted that there is a lot going on and that we should not get involved. We continue to lift them up in prayer and are friendly with them when we see them. Our hearts break when we see families leave to go back to those we know are not preaching the truth or just stop going to church at all. Please help us pray for this family. Another problem that we have confronted before, and confronted again is the work of the Holy Spirit. I preached about the ministry of the Holy Spirit recently. As before, we were accused of being immature and not having the Holy Spirit. Even though we take their Bible and show them Scripture that plainly says that all that are saved have the Holy Spirit, they still hold to what someone has so falsely taught them years ago over what the Bible so plainly teaches. We are surprised that anyone still comes to the services, but they return each week. We are praying that God will open their eyes so that they will truly see their need of salvation.

Peter came a few weeks back and brought one of his daughters who had not been to a service in several years. Help us pray for his family. Some of his older children have gotten mixed up with the wrong crowd. Tonya, Peter's wife, came by Saturday and picked up some moose meat. While she was here, she mentioned her concern for her children and asked that I talk to her boys. This was surprising. Although Tonya has always been friendly, she never truly wanted our help, especially when it came to spiritual things. Help us pray that we will be able to minister to this family and that they will all be saved.

Please continue to pray for us that God will use us for His honor and glory and that souls will be saved.

Your missionaries,

*Ernie + Nancy Wyrick*
