## THE WYRICKS IN Alaska

### CARRYING THE GOSPEL TO DELTA JUNCTION, ALASKA

Hello from Delta Junction, Alaska. Nancy and I praise the Lord for all His many blessings. We want to thank you so much for all the prayers and well wishes about Nancy's health. She is doing much better. The medication is keeping the blood pressure where it should be and the irregular heartbeats are occurring less often. The doctor wants to keep a check on the heart valve once a year. We are trusting the Lord for His will to be done.

We did not have much of a summer here in Delta. In June the rains came and it seemed to rain almost every day through most of August. But at least it kept the forest fires down and that was a blessing. The rains of summer gave way to a beautiful fall in the interior of Alaska. The colors of the leaves are the prettiest that we have seen in a long time. Although the weather this summer was not the greatest, we were still able to visit with some shut-ins as well as to assist them with the little chores that they themselves were unable to do. There are many elderly people here that are limited in what they can do. Most of them do not get out much and when winter comes they will be homebound. Pray with us that the Lord will use Nancy and I as we try to be a help and blessing to these shut-ins here in Delta Junction.

With winter coming very soon, everyone is trying to get all the work done that they could not do because of all the rain this summer. As a result, several have been missing church. Help us pray for these that they will see that they need to put God first in their lives. A new family began coming and several others have expressed interest as well. We praise the Lord for new opportunities of service to others.

I had a wonderful opportunity on 9/11 to hold a community wide Memorial Service honoring those that gave their lives that day at the World Trade Center. The Lord opened the door for the meeting to be held at the Delta High School Gym. When I approached the school superintendent and principal about holding the service at the school, I explained that it would include prayer and Scripture reading. They assured me they had no problem with it and were supportive of the service. It was amazing how God worked in every detail. We distributed more than 100 John & Romans and I had the freedom to share the Gospel during the service. The service started at 9:11 a.m. with the National Anthem and then prayer. The Ft. Greely Garrison Commander also spoke. Following the service he asked if I had chosen the Scriptures myself that I read. When I replied yes, he commented that it meant a lot to him that I had used the King James Version. He then asked about our church services and said that he might come with his family.

Please pray with us for these many individuals and their needs that the Lord will use us for His honor and glory as we minister to them.

In His service,
