"O come, let us sing unto the Lord: Let us make a joyful noise to the rock of our salvation" Psalm 95:1. We praise the Lord for all the answered prayers and needs supplied. Nancy and I want to thank each of you for your prayers and faithful support. We appreciate all that you do for us.

We ask that you continue to pray for the work here and, most of all, for the people here in Delta Junction and surrounding communities. So many that we know are struggling physically with life-threatening illnesses. We praise the Lord that some of them know the Lord as their Savior, but sadly, most of them do not. Please continue to pray for the small group that is coming to the services and Bible studies. One young lady that has been visiting has tried nearly every religion in town. Please keep her and her young daughter in prayer that they will be saved.

I praise the Lord for the door that the Lord has opened at the clinic here in town. I have the opportunity to meet with the staff daily for prayer and devotions. I have been able to pray with some of the patients and share the Gospel. We also visit the dear residents and staff at the senior assisted living center almost every day. We pray with some and share the Gospel with others. Please pray that this door too will stay open and that some resident and staff members will be saved. Sadly, a lady in town recently made the statement that she would never have supported the building of the clinic if she knew that it was going to be a ministry type clinic. I thank the Lord that I have this freedom, for now. It seems it only takes one person to complain and then the freedom is gone. So please pray that this door stays open and that I will continue to be able to share the Gospel and pray openly. But most of all pray that souls will be saved.

Please continue to pray for our medical needs. I praise the Lord that I am doing better. I appreciate all the prayers. Nancy is having good days and we praise the Lord. Her levels are staying steady, not great, but the doctor is pleased with the progress made in the past year. We did have a little set back last week when we saw the heart doctor. It did not surprise God, but after 3 years of check ups with no change, this check up revealed her heart function had decreased. The doctor wants another echocardiogram in six months. The doctor explained the possibility of surgery in the future to repair or replace the mitral valve. We are trusting the Lord. He is in control and knows everything that is taking place in our lives.

Please continue to pray for our medical and financial needs and also please help us pray for a more reliable vehicle. Our old truck is requiring more and more repairs and is not dependable. We are praying that the Lord will supply the funds for a newer one if it is His will.

Thanks again for all that you do for us and may God bless you greatly.

Your Missionaries,

*Ernie + Nancy Wyrick*
