“Know ye that the Lord he *is* God: *it is* he *that* hath made us, and not we ourselves; *we are* his people, and the sheep of his pasture. Enter into his gates with thanksgiving, *and* into his courts with praise: be thankful unto him, *and* bless his name.”
Psalm 100:3-4

We are so thankful for all the prayers and financial support. We are so blessed to have such wonderful co-workers in Christ, that so faithfully pray for us, and give so that others can hear the Gospel. Please know we appreciate each of you so very much. Most of all, we are so thankful for the grace of God and for His many blessings and opportunity He has given us to serve Him. He is so good to us.

Nancy's CML numbers are still dropping. But they are not yet at the levels the doctor wants. God knows all about that and we are trusting Him. I am doing much better. My test came back benign and the seven days of antibiotics at the Fairbanks hospital seem to have taken care of the prostate problems. Praise the Lord for all He has done and continues to do.

On July 1st, John Venables, a dear friend, went home to be with the Lord. Even though I had only known him for about 15 months, we had become close. He was a resident at the Quality Care Center here in Delta Junction. I visited him almost daily. We would talk about the Lord and pray together. He would point towards heaven and say, “we work for a higher power”. He was a big influence in opening the door for us to hold services at the Center. He was always faithful to attend even though there were many times I knew he did not feel well. It was a blessing to get to know him and his dear wife who came up from California to visit him. She is dealing with cancer herself and is not doing well. He has several daughters that live here in Delta and we have grown to know them as well. It was a privilege to take part in his home going celebration and see God get the glory and praise.

We thank the Lord for the opportunities that He has given us to tell others about Him and to demonstrate the love of God. Many times it is when we least expect it. Last Thursday night we had just returned from Fairbanks after having my last antibiotic treatment. We had just turned off the truck when a medic called and told me that they had transported an individual to the hospital that day that would probably need assistance getting home. About 20 minutes later a nurse in the ER called and said that she was given my name and number to call and that the individual was being released and wanted to know if I could help. I told her I would, but that I would be there later in the evening. On the way back to Delta after I picked him up, I had an opportunity to witness to him and give him a New Testament. Please keep this man in your prayers, as well as many others that live here in Delta that are in the same condition - down emotionally and physically, but most of all are lost and without hope.

Please pray for wisdom, as we seem to be ministering more and more to individuals that have been put aside by society and are struggling physically and emotionally. They need the Lord but are looking for peace everywhere except to the One that can give true, everlasting peace. Please pray with us!

Nancy and I thank you again for your faithful prayers and support, as well as for the many emails of encouragement. May the Lord bless you is our prayer.

Your Missionaries,

Ernie + Nancy Wyrick
