Isaiah 9:6 For unto us a child is born, unto us a son is given: and the government shall be upon his shoulder: and his name shall be called Wonderful, Counsellor, The mighty God, The everlasting Father, The Prince of Peace.

Merry Christmas and Happy New Year from Elon, NC. As you know, Nancy and I are in North Carolina helping her parents. As many of you have experienced, it is a difficult time seeing your parents struggle physically. But it also can be a great time in the Lord when we experience His grace to be truly sufficient in all things. We have much for which to be grateful. One of those blessings has been being able to spend the holidays with our families, something we have not been able to do in many, many years. It would be better if it was not under these circumstances but God has been good through it all, just as He is all the time.

During our stay in NC we have visited several of our supporting churches to express our gratitude for all the prayers and support over the years. The Lord has opened the door for us to get into several new churches, some of which have shown interest in taking us on for support. We praise the Lord for this and are hoping to be able to see more of our supporters as the Lord allows.

Our old truck that God gave us 21 years ago has over 411,000 miles on it. While we are here in the lower 48 on furlough, we are raising money to get something newer. The price of used trucks and SUV's has skyrocketed. If we find something that we can afford it is either in just as bad shape as our old truck or it has over 100,000 miles already. But when we look at it from the human side of things we think we will stick with what we have and make it do. If that is what God has planned, that is ok. A little over 21 years ago we were in about the same position. We sold the vehicle we had in Alaska and flew back to NC and were in need of a vehicle. We had people praying, giving and looking for a vehicle for us. We claimed this verse and trusted the Lord that His will be done. Jeremiah 32:17 "Ah Lord GOD! behold, thou hast made the heaven and the earth by thy great power and stretched out arm, and there is nothing too hard for thee:" I am not of the "name it, claim it and God will do it" crowd. But I do know that if it is His will, He can give us a newer vehicle and that there is nothing too hard for Him. We are thankful for all of you that are praying and for the many that have given already. Several churches have given over \$5000 and many more have given several more thousand. There have been individuals that have given thousands as well. The outpouring of your love for the Lord's work and us truly humbles us. A dependable vehicle is a must and a tool that we truly use for the Lord to reach Alaskans with the Gospel. We are truly blessed by the desire that so many of you have in helping us to not only get a vehicle, but to continue the work there in Alaska.

Please continue to keep those individuals to whom we minister there in Delta in your prayers. Many have had the virus and are struggling with the after-effects but their greatest need is spiritual. We truly miss them and I am praying about going back to Delta for a short time after the first of the year to check on things and to see the people.

We are truly thankful for all of your prayers and support. Please keep us in prayer as we travel and look for a vehicle. We are renting vehicles when we travel out of town at a huge expense and need a vehicle while we are here. Also please continue to pray for Nancy's parents as they continue to deal with health issues and for Nancy's health as she works helping her parents.

Love in Christ,

Eric + Nancy Wyrick
