And
The West Indies*

Training Nationals to serve Him

Dear Praying friends,

We had 12 to graduate from the college this year, and 2 with Master's all of which will be going back to their islands to serve the Lord. What a blessing to be able to influence some of these lives. Four of our High School seniors will be attending BJU and one to Crown College next year.

Pastor White is still in Iraq so I'll be teaching 1st year Greek and 1st year Hebrew. That will be a challenge, as I have had only two years of Hebrew. The Greek came back quickly, and I hope the Hebrew will also. I'll be brushing up this summer for it, though.

Jamie Pierson, an HVAC contractor in Greenville, came down for a week and taught a seminar to certify five young men in the EPA Freon handling and servicing of air conditioning, for which we praise the Lord. Four of them passed and one had trouble as he is just learning English. Jamie said he'll be back during Christmas vacation so maybe he'll pass the test then.

The duct work for the Church building was falling apart and last Christmas Faith Baptist Church of Greenville, SC, gave us funds with which to buy a four foot sheet metal bender. I've been busy bending and installing duct work this summer and replacing that worn out duct work. Wednesday night we were able to run the AC in the Church with one 20 Ton AC unit instead of two, as we were not cooling the outside and the attic any more. By the end of summer we should have all of it fixed.

We also did some remodeling of the college offices and girls dorms and started to install some book shelves for the girls. Most important, we added two emergency doors for their dorm rooms. The boy's dorms will get book shelves toward the end of summer.

We had a fire inspection and had to add a few emergency lights and exit signs and smoke detectors, but passed it. We also passed the health dept. inspection by adding a sink in the kitchen for employees to wash their hands. Now we are ready for the next school year.
